

Toon Style World Map Pack

Bring your global projects to life with this fully optimized **Toon Style World Map** asset pack. Designed for performance and clarity, this set includes detailed yet stylized models of:

- **Canadian Provinces**
- **Continents**
- **Countries**
- **Props**
- **U.S. Counties**
- **U.S. States**
- **U.S. & Canada Capital City Markers**
- Optional **2D Assets** included

Whether you're building a geopolitical simulator, educational app, or a data-driven visualization tool, this asset provides a clean, low poly foundation for any Unity project.

■ Key Features ■

- ⚡ Optimized for performance (mobile & desktop)
- 🌐 134 asset models
- 🎨 URP materials
- 🧩 Easy to use. Just drag and drop prefabs to your scene
- 🚀 Time-Saving: Pre-configured assets enable you to achieve stunning results quickly and effortlessly
- ⚡ Optimized for Performance – Clean topology, no excessive polygons
- 🗺️ Dual Formats: **2D for lightweight data maps, 3D for immersive projects**

★ Each state's county map is scaled to the same size for consistency across projects. These low-poly, stylized maps are available in both 2D and 3D, prioritizing clean design and optimized performance over strict geographic accuracy.

■ Compatibility ■

- Unity 2022.3+
- This asset pack is designed for Universal Render Pipeline. Built-in Render Pipeline compatibility may require minor adjustments and is not officially supported.

📄 License & Support Information

License:

- You are granted permission to use these assets in both commercial and personal projects.
- This asset pack may not be redistributed, resold, or used in any way that makes it available to others as a standalone or bundled download.
